Chapter 1: Foundational AI Marketing Stack

Modern marketing teams leverage AI tools to automate copywriting, research, and analytics.

This starter guide outlines the core toolkit: LLM prompting engines, prompt templates for social & email, and daily drafting SOPs.

Start by defining your target persona matrix and feeding structured brand context into each workflow.

Chapter 2: 100+ Tested Conversion Prompts

Prompt Formula: [Role] + [Context] + [Objective] + [Constraints] + [Output Format].

Use multi-shot examples to achieve consistent brand voice and avoid generic AI cliches.

Deploy the 10 core lead-magnet headlines provided in the appendix for instant 25% higher CTR.
